Subject: Sprague Energy 114 Letter

Categories: Folder: ~SENT

We have a Section 114 letter going out within the next few days to Sprague Energy Corp's corporate office in New Hampshire. However, the letter asks for information on #6 oil and asphalt at storage and distribution facilities in New Hampshire, Maine, Massachusetts and Connecticut. You should be getting a copy of the letter in the mail, but I just wanted to give you a heads up.

I will be out of the office until January 3, but if you have any questions please give me call and we can discuss this in the new year.

Happy New Year!

Beth
